

Listen, learn and network

innovations in biogas

Sustainable Aviation
FUELS SUMMIT 

BRUSSELS | 14-15 APRIL 2026

We've listened to feedback and are pleased to announce that delegates this year can download a mobile app allowing them to set a profile, view fellow attendees on the app, with the ability to message and organise appointments.

The third-party app, used by many of the large conference producers around the globe, is proven to help delegates engage, network and conduct business before, during and post event.

Not downloaded it yet, do so now and get networking!

All presentations will be available on our return, once we have received your completed questionnaire.

The secure key is biosaf

Please consult the app for the most up-to-date programmes

Day one 14th April 2026

09:00 **Welcoming remarks from the Chair**
Robin Vercruse, Executive Director, Low Carbon Fuels Coalition

09:15 **Case study: Biofuels production in Portugal**
Anabela Antunes, COO, Prio

09:45 **Regulatory drivers of european biofuel markets within a global context**
Cornelius Claeys, Managing Director, CleanMotion Advisory

10:15 **We need to talk about biomass: The changing role of the ethanol industry in Europe**
Craig Winneker, Director of Communications, ePURE

 10:45 **Networking break**

11:15 **Market outlook for the biodiesel market**
Niels van Velde, Communication and Media Manager, EBB

11:45 **Transport decarbonisation realities and ethanol today**
Zoltán Szabó, Secretary General, Climate Ethanol Alliance

12:30 **Pre-lunch remarks**
Fred Ghatala, President, Advanced Biofuels Canada

 12:45 **Networking lunch**
With thanks to our sponsor

14:00 **Opening remarks from the Chair**
Robin Vercruse, Executive Director, Low Carbon Fuels Coalition

14:45 **Traceability as the Key to Multimarket Access**
Dani Charles, Co-Founder, Veriflux

15:15 **International trade & pricing: How regulations, tariffs and export restrictions across the EU are impacting biofuel flows**
Harry Riley-Gould, Managing Editor – Europe, Quantum Commodity Intelligence

 15:45 **Networking break**

16:15 **Canada's Clean Fuels Pivot: Unpacking domestic content requirements and market resilience in 2026**
Fred Ghatala, President, Advanced Biofuels Canada

 16:45 **Networking drinks with the SAF & Biogas participants**

Day two 15th April 2026

09:20 **Opening remarks from the Chair**
Leonidas Kanonis, Director for Communications and Analysis, EWABA

09:30 **European trends in production and policy**
Łukasz Koliński, Director for Green Transition and Energy System Integration, European Commission

10:00 **The short- and medium-term role of biofuels in shipping**

- Policy update: IMO vs. FuelEU Maritime

- Prices

- Supply/demand

Thomas Horschig, Team Lead Renewable Fuels, Veyt

 10:30 **Networking break**

11:00 **Panel discussion: Marine biofuels: Progress, challenges and regulatory support needed to support the future development of the market**

Francesco Morici, Chartering Manager, Christiania Shipping

Telmo Ferreira, Head of Maritime and New Markets, Prio

Andrea Lazzaro, General Manager Business Development, WinGD

 12:00 **Networking lunch**
With thanks to our sponsor

13:30 **Opening remarks from the Chair**
Leonidas Kanonis, Director for Communications and Analysis, EWABA

13:45 **The role of biofuels in the EU heating and cooling strategy**

Graham Green, Commercial & Policy Manager, DCC Energy

14:15 **Long-term feedstock supply**

Traditional suppliers are increasingly ring-fencing their feedstock for domestic use, leaving producers facing a growing risk of feedstock unavailability just as national mandates come into force.

Karl W. Feilder, Co-founder and CEO, Dragonfly

 14:45 **Networking break**

15:00 **Panel discussion: Feedstocks: challenges and opportunities for 2026**

Nick Molden, CEO, Emissions Analytics

André Paula Santos, Head of EU Policy – Bioenergy, Nufarm

John Waite, CEO, Phycobloom

Joachim Elm, Feedstock trader & analyst in HVO value chain, ST1 Biofuels

16:00 **End of conference**

Day one 14th April 2026

09:00 **Welcoming remarks from the Chair**

Nadine Braun, Senior Policy Advisor, AIRE

09:05 **Navigating SAF mandates & market readiness**

Jo Dardenne, Policy Officer, Directorate-General for Mobility & Transport, European Commission

09:30 **SAF trading: Valuing different pathways, compliance and voluntary markets roles**

Denis Zaica, Head of SAF Trading, Envision Energy

10:00 **SAF supply versus demand: Where are we now?**

Iris Warnaar, Strategy Manager, SkyNRG

10:30 **Networking break**

11:00 **SAF market outlook and challenges**

Rahul Malik, Consulting Manager – OMD Europe, CIS & Africa, S&P Global Commodity Insights

11:30 **Panel discussion: Opportunities beyond HEFA**

Moderated by: **André Paula Santos**, Head of EU Policy, Bioenergy, NuFarm

Chris Podgorney, Head of Product, Isometric

Jonathan Wood, Chief Commercial Officer, Nova Pangaea Technologies

Moji Karimi, CEO, Cemvita

Perrine Tonin, Intermediate Crops Stream Leader, Avril

12:30 **Molecular sieve solutions across the bio-based fuel value chain: Enabling SAF production and other biofuel processes**

Dr. Jinpeng Yin, Deputy Director, R&D Center | Program Lead, Sustainable Aviation Fuel, Jalon Zeolite

13:00 **Networking lunch**

With thanks to our sponsor

Advanced Biofuels Canada

Biocarburants avancés Canada

14:00 **Opening remarks from the Chair**

Nadine Braun, Senior Policy Advisor, AIRE

14:05 **Preparing for e-SAF supply at scale**

Frank Mischler, Director, International PtX Hub

14:30 **Case study: How to bring down the costs of e-SAF production**

Arno Zimmermann, Co-Founder & Chief Product Officer, Spark e-Fuels

14:55 **Futuro industrial project development: Bridging the path to financial success for lignocellulosic bio-hubs**

Kevin Lecoanet, Technology Engineer, Technical Support And Operation, Renewable Product Line, Axens

15:15 **Networking break**

15:45 **Panel discussion: How does the industry need to collaborate to scale up e-SAF production in Europe?**

Eric Pedroso, Senior VP of Commercial, HIF Global

Sylvain Verdier, Senior Business Strategy Manager for Strategy & Innovation, Topsoe

Izabela Santos, Director, StratX

Lars Hummel, Head of EU Affairs, eFuel Alliance

16:45 **Networking drinks with the Biofuels & Biogas participants**

Day two 15th April 2026

09:00 **Welcoming remarks from the Chair**

Sarah Wilkin, CEO, Fly Green Alliance

09:30 **SAF pricing trends: Supply & demand**

Giulia Squadrin, Biofuels Business Development Manager, Argus Media

10:00 **Overcoming the bottlenecks to scaling up SAF: What further regulatory support is needed?**

Camille Mutrelle, Aviation Policy Officer, Transport & Environment

10:30 **Networking break**

11:00 **How to finance the scale up of SAF?**

Naisheng Cui, Director, Energy Equity Research Analyst, Barclays Bank

11:30 **Methanol to jet: Potential, current developments, and role in broadening the SAF landscape**

Felicia Mester, Managing Director, Methanol Institute

1200 **Networking lunch**

With thanks to our sponsor

13:30 **Opening remarks from the Chair**

Sarah Wilkin, CEO, Fly Green Alliance

13:45 **KEYNOTE PRESENTATION: Road to FID - Roadrunner and Beyond**

James Vaughan, Director, International Business Development, Infinium

14:15 **e-SAF: Unlocking the value proposition of the Power-to-Liquid pathway**

Ashwin Jadhav, Vice President of Business Development, Twelve

14:45 **Networking break**

15:00 **Panel discussion: Upcoming technological developments in e-SAF – opportunities & challenges**

Nacho Gimenez, COO, OXCCU

Ashwin Jadhav, Vice President of Business Development, Twelve

Christoph Falter, Head of Strategy, Synhelion

16:00 **End of conference**

Day one 14th April 2026

09:00 Welcoming remarks from the Chair

Michael Ware, Senior Director, Green Giraffe Advisory

09:15 Regulatory update: Which policy incentives and blend mandates are stimulating growth?

Maciej Ciszewski, Head of Unit, DG ENER, Energy security and international relations, European Commission

09:45 Biogas market outlook

Piero Gattoni, President, European Biogas Association

10:15 Enablers and barriers to biomethane development – experiences from France and other countries

Annette Kroll, Head of Regulation and Advocacy, ENGIE Renewable Gas Business

10:45 Networking break

11:15 Development of price, supply and demand of biomethane and bio-LNG

Thomas Horschig, Senior Analyst, Veyt

11:45 Panel discussion: Overcoming the challenges of the European biogas sector – the need for feedstock stability, policy certainty, streamlined permitting and improved cross border trade

Davis Krezins, Business Developer - Future Fuels & Carbon Markets, NValue

Ari Suomilammi, Head of Renewable Gases, Gasum

Camilla Montemurro, Policy Advisor, Eurogas

Annette Kroll, Head of Regulation and Advocacy, ENGIE Renewable Gas Business

12:45 Networking lunch

With thanks to our sponsor

Advanced Biofuels Canada
Biocarburants avancés Canada

14:00 Opening remarks from the Chair

Michael Ware, Senior Director, Green Giraffe Advisory

14:15 Case study: Ferrero's global decarbonisation plan

Simona Amerio, Operations Sustainability Environment and Energy Regulatory & ISO Systems Manager, Ferrero Group

14:45 How biomethane can be used for the voluntary reporting market - current rules and latest developments

Tim Hamers, Secretary General, European Renewable Gas Registry

15:15 Networking break

15:45 The need for reliable frameworks to scale biomethane and effectively support the Clean Industrial Deal and the #2040 climate target

Valeria Rosso, Project Developer, Axpo

16:15 Sourcing biomethane based on long term agreements and spot markets

Ari Suomilammi, Head of Renewable Gases, Gasum

16:45 Networking drinks with the Biofuels & SAF participants

Day two 15th April 2026

09:20 Opening remarks from the Chair

Mehdi Aid, Principal, Emerton

09:30 Case study: Biomethane production in Greece, Norway, Spain and Portugal

Maria Deryugina, Regulation & Market Intelligence, Director, Heygaz Biomethane

10:00 Unlocking the biogas potential in Central and Eastern Europe

Matej Jarosca, Head of Biomethane Value Chain Management, MOL

10:30 Networking break

11:00 Case study: Potential for biogas growth in the Nordics and the key to accelerating large scale production

Michael Ware, Senior Director, Green Giraffe Advisory

11:30 From green to greener: understanding emission sources in a biogas value chain

Samuel Voorwalt, Senior Consultant, Carbon Limits

12:00 Biomethane industry dynamics and future outlook

Timothe Husser, Manager, Blunomy

12:30 Networking lunch

With thanks to our sponsor

13:40 Opening remarks from the Chair

Mehdi Aid, Principal, Emerton

13:45 Panel discussion: Financing biogas projects & overcoming the challenges & barriers on biomethane growth

Line Lundbye, Director, New Energy, Origination, EIFO

Josep Oriol, Senior Sector Engineer, European Investment Bank

Hans van den Boom, Business Developer Sustainable Financing F&A, Rabobank

14:45 Networking break

15:00 Bio-LNG in road transport

Christian Cuenot, CEO, Avanca

15:30 Biomethane liquefaction pathways

Alexandre Leruth, Service Development Manager, Commercial Regulated, Fluxys

16:00 End of conference

Thank you to our Sponsors & Exhibitors
